

# Colorado Measures of Academic Success (CMAS)

## CMAS Social Studies Assessment Frameworks

### Based on the Social Studies Colorado Academic Standards Adopted in 2022

#### **CMAS Social Studies Assessment Frameworks**

Concepts and skills explicitly identified in the social studies Colorado Academic Standards (CAS) are the basis for the Colorado Measures of Academic Success (CMAS) social studies assessments. Assessment frameworks identify the standard areas, Grade Level Expectations (GLEs), and Evidence Outcomes (EOs) of the CAS that are eligible for inclusion on the assessments. They specify the point distribution and number of score points for each social studies standard area that appears on CMAS. The relative weight for each standard area is based on the number, breadth, and depth of the GLEs and EOs within the social studies CAS. The Social Studies CAS adopted in 2022 are available on [CDE's website](#).

The five standard areas of the social studies CAS are:

1. History
2. Geography
3. Economics
4. Civics
5. Personal Financial Literacy

#### **Additional Information on the CMAS Social Studies Assessments**

Consistent with Colorado Revised Statute 22-7-1006.3 (1)(a)(III), a set of representative sampled schools will be selected to administer the assessments each year, such that each school should expect to administer the assessments once every three years. Social studies assessments are not planned to be included in the 2025 district/school performance frameworks or beyond.
