

Colorado State Board of Education  
Tour of Cherry Creek Innovation Campus (CCIC)  
Friday, January 10, 2020

Event Recap

The group met in room A204 of the CCIC at approximately 9:15 a.m. CCIC principal, Mark Morgan, joined the group at approximately 9:30 a.m. in the meeting room and gave a brief overview of the CCIC facilities and the program, and what would be seen during the tour.

The group toured the CCIC facility, visiting all seven (7) educational pathways:

1. Advanced Manufacturing
2. Business Services
3. Health & Wellness
4. Hospitality & Tourism
5. Infrastructure Engineering
6. IT & STEAM
7. Transportation

Following the tour, the group enjoyed a lunch prepared and served by the school's Hospitality & Tourism Pathway, ProStart I/ProStart II students.

After lunch, the group discussed the following internal housekeeping items:

1. Updates to the Colorado Department of Education (CDE) website, and more specifically the State Board of Education pages.
  - a. Clean Up/Streamline
  - b. Make governance documents easier to find
  - c. Make congressional district information easier to find

2. Facility Tour requests – the Board expressed an interest in visiting facilities during the 2020 school year. Aspects discussed include:
  - a. Types of facilities
  - b. Locations of facilities
  - c. What to highlight
  
3. Email Protocol – Board members receive many emails directly from organizations that are also sent to the State Board email inbox. Time was spent identifying duplicate items that do not need to be forwarded to board members.

The meeting adjourned at approximately 1:15 p.m.
