October 2018 – Istation Newsletter for Colorado Educators

Happy Fall! We are happy to continue bringing this communication tool to you. It contains regular tips and tricks, announcements, reminders, and updates as we progress throughout the school year! Don't forget there is a special webpage just for Colorado educators regarding Istation! Visit the following website:

www.istation.com/colorado

It's Halloween month. The perfect time to add some extra excitement to classroom or home reading! Your school or local public library is home to countless mystery books and short-story collections that combine interesting characters and plots into engaging whodunits that are mysteriously great at transforming young readers into enthusiastic Super Sleuths and Big-Time Ghostbusters! Check some out and challenge your students to dive into their thrillers and solve the mystery first. Alternatively, download Istation's Book "Who's Following Us?" for students to read, or go to Teacher Station (on the student app) and project "The Case of the Haunted Barn" as a read aloud. Locate the Passage "The Scarecrow," or "Into the Darkness" and read them aloud with some Halloween-mood music in the background. Other titles are also available on the Istation website. There's no trick to it—simply log on to the website www.istation.com, click "Teacher Resources" then "Search by Text" and enter the titles mentioned. You can also type in "Book Levels Guide" to review the list of titles, types of stories, and their corresponding grade levels. What a treat!

Reminders:

Progress monitoring

Students identified by district standards as needing Tier 2 instructional support are to be progress monitored every 10-12 days

Student identified by district standards as needing Tier 3 instructional support are to be progress monitored every 7-10 days

Upcoming Webinar

Grab your magnifying glasses, don your trench coats and fedoras, and join us for a bit of data sleuthing! We will help you uncover clues within your own data and assist you in **C**reating **L**ogical and **U**nique **E**ducation plans for your students.
