Module 1: Components of Spanish Literacy and Biliteracy Development

Essential Question: What are some components of Spanish literacy and biliteracy development?

Course Topics:

- Examine different biliteracy instructional frameworks/models.
- Understand the difference between simultaneous bilinguals and sequential bilinguals.
- Compare English literacy, Spanish literacy, and biliteracy development.
- Identify biliteracy strategies to teach Spanish and English.

Goals of Dual Language Programs:

Simultaneous Bilinguals and Sequential Bilinguals:

How is oral language integrated throughout each strand in The Reading Braid for Multilingual Learners?

Pause and Reflect: Describe the model and goals of your program and explain how it aligns with the Colorado dual language immersion program goals.

Biliteracy Development

- Bilingual Language Acquisition:

- Literacy Development in Spanish and English:

Components of Reading for Spanish, English, and Biliteracy Development

- Oral Language Development:

- Phonemic Awareness in English and Spanish:

- Phonics Strategies for Bilingual and Multilingual Learners:

- Vocabulary Instruction for Bilingual and Multilingual Learners:

- Fluency Strategies for Bilingual and Multilingual Learners:

- Comprehension Strategies for Bilingual and Multilingual Learners: Writing Development in English and Spanish:

Evidence-Based Strategies for Bilingual and Multilingual Learners

Pause and Reflect: What instructional practices are currently implemented? What additional strategies can be implemented to support bilingual and multilingual students?
