- Updates
- Introduction of new board member - Brandon Protas,
Director of College Pathways, Community College of Denver

College in High School Alliance Recommendation: Interesting Idea to Pursue

States Need to Grow Their Workforce with the Right Credentials

- CEAB subcommittee to examine, align, and promote college in high school programs as potential solutions to meet the workforce needs of in-demand industry sectors and employers in the state.
 - Use existing platforms to guide this work (Careers in Colorado, TalentFound, existing curriculum guides as models, expand workforce connections and internship and practicum opportunities, CareerWise)
 - Create a start-up fund to launch new career-focused college in high school programs with school districts, higher education, and industry partners.
 - Take advantage of new federal opportunities under Perkins V, as well as existing opportunities under the Every Student Succeeds Act (ESSA), to enhance college in high school CTE courses.
- *See College In High School Alliance document*

- **ASCENT Allocation Model Subcommittee Report - *Subcommittee***
- **Service Area Exception process – *Tammy Ward***
