Assessment Profile		
Item Types - check all that apply (note: there is often overlap among certain item types): Selected Response (multiple choice, true-false, matching, etc.) Short Answer (short constructed response, fill in a graphic organizer or diagram, explain your thinking or solution, make and complete a table, etc.) Extended Response (essay, multi-step response with explanation and rationale required for tasks) Product (research paper, editorial, log, journal, play, poem, model, multimedia, art products, script, musical score, portfolio pieces, etc.) Performance (demonstration, presentation, science lab, dance or music performance, athletic performance, debate, etc.) Process (creation, development, design, exploration, imagining, visualization,	Check All That Apply X X	60-minute extended tasks are included
experimentation, invention, revision) The assessment includes:	Check All That Apply	
Teacher directions (may include prerequisites/description of instruction before giving the assessment e.g., this assessment should be given after students have learned)	×	
Scoring Guide/Rubric Sample evidence to show what student performance might look like Materials (if needed to complete the assessment) Estimated time for administration	X X X X	
Student Directions & Assessment Task/Prompt – what does the student see/use? Other: Descriptions of alternative solutions	х	

A high quality assessment should be...Aligned

Alignment	Rating Column	Comments
1a.		
Grade Level(s): 9-12		
Indicate the Colorado Academic Standards and Grade Level Expectations evaluated by the		
Assessment:MA10-GR.HS-S.1-GLE.2; MA10-GR.HS-S.4-GLE.1; MA10-GR.HS-S.4-GLE.5;		
MA10-GR.HS-S.3-GLE.1; MA10-GR.HS-S.3-GLE.2; MA10-GR.HS-S.3-GLE.3		
Indicate the intended DOK range of the Grade Level Expectations:		
Indicate the intended DOK of the assessment (list DOK levels): III, IV		
1b. Describe the content knowledge/concepts assessed by the set of items or the		
performance task: probability, volume, similar triangles, rates,		
1c. List the skills/performance assessed: SMP 1, 2, 3, 4		
1d. To what extent do you see a strong content match between the set of items reviewed		
or the task and the corresponding Colorado Academic Standard/s? Use the definitions		
below to select your rating.		
□ Full match – all tasks or items fully address or exceed the relevant skills and knowledge		
described in the corresponding state standard/s.		
□ Close match – most tasks or items address the relevant skills and knowledge		
described in the corresponding state standard/s.		

 Partial match – many tasks or items partially address the skills and knowledge described in the corresponding state standard/s. 		
 Minimal match – some tasks or items match some relevant skills and knowledge described in the corresponding state standard/s. 		
 No match – task or most items are not related to the skills and knowledge described in the corresponding state standard/s. 		
Please provide evidence from both the standards and assessment to support your response: Many items represent STEM standards.		
	Full Match=5; Close Match=4; Partial Match=3; Minimal Match=2; No Match= 1	
Aligned to Colorado Academic Standards Rating		
 1e. Are the set of items or tasks reviewed as cognitively challenging as the grade level expectations? Use the definitions below to select your rating. More rigorous – most items or the tasks reviewed are at a higher DOK level than the range indicated for the grade level expectations. Similar rigor – most items or the task reviewed are similar to the DOK range indicated for the grade level expectations. 	Rating Column	Comments
for the grade level expectations. Less rigor – most items or the task reviewed are lower than the DOK range indicated for the grade level expectations.		
Please provide evidence from both the grade level expectations and assessment to support your response: No depth or extended response questions.		
	Similar Rigor=2, More Rigor=1, Less Rigor=1

A high quality assessment should be...Scored using Clear Guidelines and Criteria

Scoring Guide Present	Check all that apply:	Comments
□ Answer key, scoring template, computerized/machine scored	X	
☐ Generalized Rubric (e.g., for persuasive writing, for all science labs)		
□ Task-Specific Rubric (only used for the particular task)	Х	
□ Checklist (e.g., with score points for each part)		
□ Teacher Observation Sheet/ Observation Checklist		
	Rating Column	
2a.Does the rubric/scoring criteria align to Colorado Academic Standards in this assessment. Provide an explanation of your response: There is no specific reference to the standards. The rubric is aligned to the content.	Yes=3, Somewhat=2, No=1	
Rubric Aligned to Standards Rating	2	
2b. Are the score categories clearly defined and coherent across performance levels? Provide an explanation of your response: The scoring categories describe what students can do at that level.	Yes=3, Somewhat=2, No=1	
Rubric/Scoring Coherent Rating	2	
2c. To what degree does the rubric/scoring criteria address all of the demands within the task or item? Provide and explanation of your response The rubric is a scoring rubric and does not provide some information about next instructional step.	High=3, Moderate=2, Low or None=1	
Rubric/Scoring Aligned with Task Rating	2	
2d. Based on your review of the rubric/scoring criteria, do you think the scoring rubric would most likely lead different raters to arrive at the same score for a given response.	Yes=3, Somewhat=2, No=1	
Rubric/Scoring Different Raters Same Rating	2	
2e. Is there student work (e.g., anchor papers, video, portfolio) which illustrates student mastery? If so, describe. If not, what student work would be needed? Student work clearly illustrates the different level.		
Student Work Samples Rating	3	

A high quality assessment should be...FAIR and UNBIASED

gifted and tolented students, and students with disabilities) 3a. To what extent are most of the items or the tasks designed and formatted to be visually clear and uncluttered (e.g., use of white space, graphics, and illustrations)? Provide an explanation of your response. The theavy. Heavy reading demand. The questions are presented in a clear, uncluttered manner. Clear & Uncluttered Rating 2. 3b. To what extent are most of the items or the task presented in as straightforward a way as possible for a range of learners? Provide an explanation of your response: While the information is clearly presented, with the reading demand, low level readers will not a able to access the question to answer. Straight Forward Rating 2. 3c. To what degree is the vocabulary and context(s) presented by most of the items or task free from cultural or other unintended bias Provide an explanation of your response. The reading demand is a bias for low level readers. Useful terms are provided. Free of Cultural or Unintended Bias Rating 3d. Does the assessment use appropriate levels of academic language for the grade level Academic Language Rating 3e. Does the assessment limit the usage of words that can be confused with one another (homonyms)? (Examples: ate/eight; sell/cell; allowed/aloud, beet/beat; by/buy/). None found. Confusing tanguage Rating 3f. If applicable, what type of accommodations are provided to ensure that English Learners and/or Students with Disabilities can fully access the content represented by the task or set of items reviewed? Accommodations are commonly cotegorized in five ways: presentation, response, setting, and timing and scheduling. O Presentation Accommodations—Allow students to complete activities, assignments, and assessments in different ways or to solve or organize problems using some type of assistive device or organizer. O Setting Accommodations—Allow students to complete activities, assignments is given or the conditions of the assessment setting. O Timing and Scheduling Accommoda	TAID and LINDIACED (the group heles) should be discussed relative to the goods of Elle		
3a. To what extent are most of the items or the tasks designed and formatted to be visually clear and uncluttered (e.g., use of white space, graphics, and illustrations)? Provide an explanation of your response: Text heavy. Heavy reading demand. The questions are presented in a clear, uncluttered manner. Clear & Uncluttered Rating 2 3b. To what extent are most of the items or the task presented in as straightforward a way as possible for a range of learners? Provide an explanation of your response: While the information is clearly presented, with the reading demand, low level readers will not be able to access the question to answer. Straight Forward Rating 2. 3c. To what degree is the vocabulary and context(s) presented by most of the items or task free from cultural or other unintended bias? Provide an explanation of your response: The reading demand is a bias for low level readers. Useful terms are provided. Free of Cultural or Unintended Bias Rating 3d. Does the assessment use appropriate levels of academic language for the grade and content area? Provide an explanation of your response. Appropriate for grade level Academic Language Rating 3e. Does the assessment limit the usage of words that can be confused with one another (homonyms)? (Examples: ate/eight; sell/cell; allowed/aloud; beet/beat; by/buy/). None found. Confusing Language Rating 3f. If applicable, what type of accommodations are provided to ensure that English Lareners and/or Students with Disabilities can fully access the content represented by the task or set of items reviewed? Accommodations are commonly categorized in five ways: presentation, response, setting, and timing and scheduling: O Presentation Accommodations — Allow students to complete activities, assignments, and sassessments in different ways not solve or organize problems using some type of assistive device or organizer.
