

# STATE COMPLAINT FORM

---

**COLORADO**  
Department of Education

## FILING INSTRUCTIONS

A state complaint may be filed by an individual or organization who believes a school district, a board of cooperative educational services (“BOCES”), or a State Operated Program is not following the Individuals with Disabilities Education Act (“IDEA”), the Exceptional Children’s Educational Act (“ECEA”) and/or the Protection of Persons from Restraint Act (“PPRA”).

The use of this model form is not required; however, a complaint must contain the following information to be accepted for investigation:

1. Name, address, and phone number of the person filing the complaint (page 2);
2. Name and address of the child involved and the name of the school the child attends, if the violations are related to a specific student (page 2);
3. One or more allegations (problems/concerns) that the school is not following the IDEA, ECEA, and/or PPRA. The problems/concerns must have occurred not more than one year prior to the date that the complaint is received by the Colorado Department of Education (“CDE”) (pages 4-6);
4. Facts and/or a description of the events that support each problem/concern (pages 4-6);
5. Proposed resolution of the problem or the relief sought (to the extent known and available to the person filing the complaint) (pages 4-6);
6. Statement that shows this form, including attachments, have been mailed or hand-delivered to the school district or BOCES (page 7); and
7. Signature of the person filing the complaint (page 8).

The CDE is only authorized to investigate allegations regarding special education and related services under the IDEA and/or ECEA, and allegations regarding the use of restraints or seclusion under the PPRA. For more information, visit [www.cde.state.co.us/spedlaw](http://www.cde.state.co.us/spedlaw).

The CDE cannot investigate alleged violations of Section 504 of the Rehabilitation Act of 1973, or allegations concerning abuse, retaliation, or a hostile environment based on a disability. For these concerns, please contact the Office for Civil Rights at 303-844-5695 or [OCR.Denver@ed.gov](mailto:OCR.Denver@ed.gov).

# EXAMPLES OF ALLEGED VIOLATIONS, SUPPORTING FACTS AND PROPOSED RESOLUTIONS

Describe each problem/concern (alleged violation), what happened (supporting facts), and how the school can fix the problem/concern (proposed resolution). See the examples below.

ALLEGATION	SUPPORTING FACTS	PROPOSED RESOLUTION
The school did not implement my child's IEP.	My child's IEP includes 30 minutes per week of speech-language services. I heard at a parent-teacher conference that my child has not seen the speech therapist all year.	Provide make-up services to my child.
The school did not complete an initial special education evaluation within 60 school days of receiving parent consent.	I asked for a special education evaluation because my 6th grade son has had a difficult transition to middle school. He is failing his classes and has been suspended several times. I signed a consent form when I met with the counselor 5 months ago. I never received the testing results. My son is still having trouble in school.	Send me a copy of the completed evaluation and hold an eligibility meeting to discuss the results.
The regular education teachers refuse to accommodate my child's disability.	My daughter has a specific learning disability. Her IEP says teachers will let her have extra time to complete assignments and that she can take tests in a separate room so they can be read to her. Her teachers lower her grade on assignments when she takes extra time to complete them and will not let her go to a separate room to take tests.	Provide training to the regular education teachers and make sure they implement my child's IEP.
School staff secluded my child and did not tell me about it.	The principal placed my child alone in a room without windows. The principal held the door shut and my child could not leave the room. The principal did not tell me that this had happened.	Provide training to the principal on the use of seclusion and parent notification requirements.
