#### 1.0 Statement of Basis and Purpose.

Section 7.0 of these rules was amended to incorporate statutory changes made by H.B. 16-1222 related to certification amendments.

Following passage of HB14-1382, in August of 2014, the State Board of Education found that to meet the timeline therein, it was necessary to adopt emergency rules amending Rule 8.00 concerning documentation for the October count date. Additionally, in so doing, the State Board also found it necessary to amend the definitions of online program and online school to align with HB14-1382. In December 2014, the State Board of Education needed to establish permanent rules. In the permanent rules, language throughout the rules was changed to be consistent with definition changes in HB14-1382. The permanent rules also describe the permanent process by which authorizers of online schools and programs will establish their student count policies and procedures.

Sections 2.03.2 and 8.01 of these rules were amended to incorporate new statutory requirements established by H.B. 12-1090 (concerning the annual count date for establishing total pupil enrollment of each public school) in section 22-54-103 (10.5) (a), C.R.S.

Section 2.09 of these rules was amended and section 2.10 was added to incorporate new definitions of an online program and online school as established by HB 12-1240 (concerning statutory changes to K-12 education) in section 22-2-130, C.R.S.

Section 2.12 of these rules was amended to incorporate a revised definition of a single-district online program as established by HB 12-1212 (concerning the designation of an online program as a multi-district program) in section 22-30.7-102, C.R.S.

These rules were amended to incorporate changes to financial reporting and accountability required by HB 11-1277 (concerning statutory changes involving K-12 education).

These rules were amended to align the evaluation criteria for Online Programs with the evaluation criteria established by SB 09-163 (the Education Accountability Act of 2009).

The statutory basis for these rules is found in sections 22-30.7-105(3)(b), 22-30.7-106(4), 22-30.7-106(5), and 22-30.7-106(6), C.R.S.

Pursuant to these statutes, the State Board of Education shall promulgate rules to achieve the following purposes, including but not limited to:

- (a) Establishing quality standards for online programs;
- (b) Promoting Online Program student participation in statewide assessments;

- (c) Establishing criteria to be used by the Online Division in certifying Multi-District Online Programs;
- (d) Establishing processes and timelines by which a prospective Authorizer may apply to the Online Division for certification of a Multi-District Online Program;
- (e) Establishing an expedited procedure for the approval or denial of certification for Multi-District Online Programs that were operating as of January 1, 2007;
- (f) Establishing a timeline by which an Authorizer of an online program shall submit a report to the Online Division;
- (g) Establishing a process for responding to a corrective action notice resulting from an audit of annual reporting;
- (h) Providing a process for notification to the State Board with recommendations for actions the State Board may take to address a situation of non-response to a corrective action notice; and
- (i) Establishing a process and timeline for continual review of the Multi-District Online Program after certification.
