

Colorado Students Need You!

Become a Substitute Teacher Today!

The process for becoming a substitute this school year has been streamlined. The new 2020-21 substitute authorization option requires only a high school diploma or its equivalent.

Follow these three steps to get started:

1. Submit your fingerprints.
2. Complete a substitute teaching application.
3. Contact the school district(s) in which you are interested in serving.

Visit www.cde.state.co.us/cdeprof/licensure_subapp for more information.
