Resolution in support of Colorado Digital Citizenship Day April 22, 2013

- WHEREAS: Schools, students and families need help to thrive in a world of media and technology;
- WHEREAS: Today's society relies heavily on electronic communication whether it's person-to-person, business-to-business or group-to-group connections;
- WHEREAS: To navigate this environment responsibly, our students need to be well versed in how to use electronic communication tools and schools need to integrate teaching and learning with technology;
- WHEREAS: We support families and schools working together with children to learn how to be safe online and how to safeguard against practices that would jeopardize each person's individual, private information;
- WHEREAS: Every child is a great digital citizen waiting to happen, but sometimes they need a little help. On April 22, Colorado Digital Citizenship Day gives schools and organizations the chance to take some simple steps in guiding children and their families in responsible, safe and ethical digital behavior;
- WHEREAS: Colorado Digital Citizenship Day will focus on the important issues facing children and their families in our 24/7 digital world.

NOW,
THEREFORE,
BE IT

- RESOLVED: The Colorado State Board of Education hereby declares April 22, 2013 as Colorado Digital Citizenship Day.
